# Upward Mobility Scholarship

## Future Stars - Upward Mobility Scholarship

- Launched by the Commission on Poverty in 2014 and administered with the assistance of The Hong Kong Council of Social Service
- Carried out with cross-sectoral collaboration of the community, the business and professional sectors and the Government
- Aims to enhance capability of youths from less privileged backgrounds in moving up the social ladder

- Awards Secondary 3 to 6 students who demonstrate resilience in adversity and maintain a positive attitude towards life and learning by \$5,000 scholarships
- Over 400 secondary schools (including special schools and vocational training schools) participate each year

2017

Scholarships of

\$50000

schools

450

students

1270

Since programme launch

## A.S. Watson Group Donor

A.S. Watson Group has always been committed to giving back to the community. We launched the Project LOL philanthropy programme in late 2015 to assist those in need through three main areas of service – Health, Education and Caring Community. Since 2016, we have sponsored “Future Stars – Upward Mobility Scholarships” through Project LOL to encourage students who demonstrate resilience in adversity and help them take their first stride towards success.

We are very pleased to know that not only does “Upward Mobility Scholarship” provide financial assistance to students, it enables them to feel the care and warmth from the community, and encourages them to work hard to become future pillars of the society and help those in need. We see from the scholarship scheme how love can be passed from one to another, which encourages us to continue with the spirit of Project LOL to bring “Lots of Love” and “Lots of Laughs” to the people of Hong Kong.

We hope that our students will continue to strive forward, make contribution to the society in the future, and spread love and positive spirit within our community.

## Ashraf Musaif

CCC Mongkok Church Kai Oi School  
Scholarship sponsored by  
the A.S. Watson Group

這一次能獲得兩日之星上游獎學金，我們全家人都覺得非常開心，真的非常感謝校師長們和社工對我教導和支持，使我有機會參與此計劃，最後更能夠獲獎。此外我要特別多謝屈臣氏集團，以慷慨贊助獎學金與我們。

爸爸於兩年前突然因病辭世，我們現時一家六口，要倚靠大哥(20歲)和三哥(19歲)家開學前收的利用上游這筆獎學金幫助我和姊未添置新校服、鞋襪、文具、課本等，減輕我們家的經濟壓力。社工曾教導我，凡事感恩。作為屈臣氏的年輕巴基人，我們一家都深深感受到香港是一個充滿溫情和愛的城市，我立志要繼續努力學習，專心上課，並聽從每位師長的教導，凡事盡力而為，亦要經常保持穩定情緒，將來長大後，要做一個有用的人，好好報答父母及馬和師長們，一展所長真獻社會。

Lui Ming Choi Lutheran College  
Scholarship sponsored by  
the A.S. Watson Group

I would like to thank the A.S. Watson Group for their sponsorship and my school for recommending me for the “Future Stars – Upward Mobility Scholarship”.

I am most grateful for the assistance that the scholarship provides. Not only does it make me feel the warmth from our community, it also provides me with the resources that help me excel. I used my scholarship in the past summer to improve my English.

## CLP Power Hong Kong Limited Donor

Pursuing innovation and knowledge is among CLP's core values. For this we are committed to developing talents and expertise for the power industry. We also promote the learning culture in the community through various public education programmes and provision of scholarships to students at different levels.

CLP has been supporting "Upward Mobility Scholarship" since 2014 to encourage students to stretch their potential to excel in adversity and change their life through knowledge enrichment. We are deeply impressed to learn that one of the scholarship awardees in 2017, Wong Ching Yee, made use of the scholarship money to develop an innovative solar electrostatic precipitator system, making way for improving the environment. CLP looks forward to seeing our scholarships as giving impetus for more students to make their dreams come true and contributing to the wellness of our society.

## Wong Ching Yee St. Teresa Secondary School Scholarship sponsored by CLP Power Hong Kong Limited

I am Wong Ching Yee of St. Teresa Secondary School and one of the awardees of "Future Stars – Upward Mobility Scholarship". I am most grateful for the sponsorship of CLP Power Hong Kong Limited, which serves as a strong driving force behind my dreams.

My aspiration is to become an environmental engineer to protect and improve the environment. With the air pollution in Hong Kong, I have been suffering from nasal allergy since I was small. I have been thinking of ways to reduce air pollutants, most of which can be attributed to vehicle emissions. I surfed the web and found that particulate matters in the air can be eliminated by methods such as filtration, gravity and electrode attraction, which leads me to the idea of developing a solar electrostatic precipitator that may be installed along the roadside. I have not had much spare resources to pursue my goal until I got this scholarship. With the sponsorship from CLP Power, I bought some reference books and materials on environmental protection and programming. I am now teaching myself programming, and manage to write a computer programme to make LED lights light up systematically with the Arduino software. It may sound like baby steps, but surely is an important step towards my dream of developing a precipitator and becoming an environmental engineer.

I would like to thank CLP Power again for your support and for giving me the opportunity to pursue my dream.

You will never realise your strengths and weaknesses without knowing your competitors well. Being a student newly arrived from the Mainland of China, I am weak in English reading, writing, speaking and listening. It became evident to me the vast distance I had with other students in my English level during my tutorial classes, but this also spurred my fighting spirit. The teachers at the tutorial school taught at a fast pace, and what was taught was more difficult than what I learnt at school. I needed to spend a lot of time on their materials and on drilling myself in an attempt to finish their mock papers with accuracy within the prescribed time.

In addition to preparing myself for examinations, I also incorporated more English into my daily life. I read the South China Morning Post daily, which strengthened my knowledge in current affairs. Not only did I read the papers, I also read them out loud, which boost my confidence in spoken English step by step. I started to proactively communicate with foreign teachers both at school and at the tutorial school. My foreign teachers considered that I had improved remarkably in my English.

Last but not least, I would like to express my gratitude towards the organiser of "Future Stars – Upward Mobility Scholarship". Not only does the scholarship support me financially, it also reminds me to continually seek improvement and be brave enough to realise my shortcomings. The scholarship brought me the opportunity of more in-depth English learning, but what I gained was far more than progress in English learning itself. When I first attended tutorial classes, I felt inferior when compared with other students, but I told myself not to give up easily and I eventually achieved some improvement. When I was reading the news, I also noted certain inequality in society and made me realise how lucky I was to be supported with this scholarship. I very much hope that I will be able to help the disadvantaged in the future. Thanks to the organiser of "Future Stars – Upward Mobility Scholarship", which helps me improve both academically and morally.

**Mr. Lee Ka-shing, JP**  
**Vice Chairman,**  
**Henderson Land Group**  
**Donor**

We have been supporting “Future Stars - Upward Mobility Scholarship” and provided scholarships for over 700 outstanding students from less privileged backgrounds since 2014. We are delighted to learn that these future stars are motivated to pursue academic excellence and strive towards their goals. We hope that they would live their dreams with courage and determination, and overcome challenges along the way!

Over the past few decades, Henderson Land has grown together with Hong Kong. We care about and invest in our community, targeting issues such as poverty relief and youth development, working in close partnerships with our staff, community groups and the Government to create positive changes and foster a caring culture in society.

**the Henderson Land Group**

My favourite subject in school is science, especially biology. Therefore, being a doctor has always been my dream job. This dream is definitely achievable if I keep investing the same amount of effort I pay currently. Here, I would like to talk about another dream.

When I was a little boy, I used to learn playing the piano, but it was ended due to some financial problems in my family. I love playing the piano very much and so this decision has been my greatest regret of all time. I always wonder if there would be any chances of me dancing my fingers on the piano once more. And by a coincidence, I heard about the Upward Mobility Scholarship from one of my teachers. Here, I would like to obtain the scholarship, so that I could have a second chance to pick up the piano again.

For me, having the skills of playing the piano makes things more diverse. As the chairman of the Community Youth Club in school, I could organize activities related to music, which we have never done before, to the target group that we serve. For the underprivileged kids, we could introduce to them different instruments which they never had a chance to know about. For the elderly, we could organize a concert with songs from the last century. As a playwright in our school’s drama team, I could help writing a musical, in which songs and lyrics are all created by us. Of course, I am currently capable in neither composing nor performing, but I believe, with my effort and enthusiasm, the above goals could be achieved before I graduate from school.

**Sharon T. Abratique**  
Marymount Secondary School  
**Scholarship sponsored by  
the Henderson Land Group**

I believe that setting goals for our future can motivate and lead us onto the right path. Living in the millennial era where there are chaos in nearly every corner of the world, human rights and equality are being neglected, people become more defensive towards themselves, and peace therefore diminishes.

As a world citizen that keeps herself updated with news reports around the world, I strongly feel responsible to maintain a balance between all, and to strive for world peace, therefore working in the humanitarian division of the United Nations became my number one life goal. I understand that it is an ambitious wish, but I do try my best to turn it into a plan. In this society, the ability to cooperate and negotiate are the major concerns, and I enrich myself with various experiences to prepare for this goal. I have worked with the choir to create music and harmony, the Junior Police Call to uphold justice and promote the values of a responsible citizen. I am confident that I am walking on the right path to achieve this goal, what I need more is persistence and a constant reminder to challenge myself.

I understand that I do not come from a family or environment that provides me with the best resources to assist me in this goal, but I am very thankful for their support as they educate me with the right attitudes. Although resources are limited, I will continue to enrich myself in understanding humanitarian issues, and take part in community service to enhance my mentality to make myself fit for my future.

**Yick Chun Hong**  
Tang King Po School  
**Scholarship sponsored by  
the Henderson Land Group**

I am most grateful for the support and assurance given to me by "Future Stars – Upward Mobility Scholarship" sponsored by the Henderson Land Group.

Not only does "Upward Mobility Scholarship" help in poverty alleviation and improvement in one's life, it also carries a special meaning of our "can do" spirit, that we should strive forward with courage despite the many obstacles in front of us. I consider that this spirit that the "Upward Mobility Scholarship" carries is of utmost importance, in that it reminds us to always stay positive irrespective of what our future life holds. The difficulties we now encounter academically are only a small part of our life's challenges. This scholarship reminds us to persevere, go for your dreams and live life to the fullest.

I hope "Upward Mobility Scholarship" will continue to inspire countless youths, and pass on its spirit of positivity and determination.

**Lee Yuet Nga**  
Po Leung Kuk C W Chu College  
Scholarship sponsored by  
the Henderson Land Group

I would like to express my appreciation to the Henderson Land Group for their sponsorship, which provides me with better resources to improve myself academically.

With this scholarship, I can pay for tutorial classes without having to take on part-time jobs, which enables me to spend more time on my studies.

If I manage to get into university, I will be the first one in my family, and I hope this will make my parents proud. The sponsorship from the Henderson Land Group gives me much encouragement and actual support. I am now more confident with my DSE exams, and hope that I can get satisfactory grades.

In the past year, I worked part-time in a fast food shop for eight hours once a week to lessen my family's burden, which inevitably reduced my study and rest time. Although I still managed to improve in my academic performance in the second term, this brought me a lot of stress and negatively impacted on my efficiency and well-being. I believe that things will now turn for the better with this scholarship.

Donors**

**Dr. Leung Wing-cheung,  
William, SBS, JP**  
Donor

Every man is born equal, but not every youth faces a smooth path in their development. I am happy to be able to contribute to "Future Stars – Upward Mobility Scholarship" to help youths in need who are determined to move upward along the social ladder, and that my contribution could help them remove some obstacles along their path.

I hope that our youths will not lose hope and understand that their struggles today help to form a solid foundation for their success tomorrow. As the saying goes, a diamond shines only with sufficient pressure and polishing.

I am pleased to learn that my sponsored students put their scholarship into good use in learning. I trust that they will succeed as long as they try their very best. I hope that our youngsters will repay their parents for their love, and contribute to the community and our country in the future.

## Li Po Yan

Hoi Ping Chamber of Commerce  
Secondary School

Scholarship sponsored by  
Dr. Leung Wing-cheung, William, SBS, JP

First of all, thank you. I felt more than delighted when I was told that I was awarded the Scholarship. Part of it I used for daily expenses and another part for a robot workshop.

In the workshop, I have learned basic knowledge of some machine parts, such as sensors and motors. On top of that, Scratch, one of the programming language is taught in the course. At the end of the course, I actually built a robot called "The mBot" and tried putting some programs into it to control its movements. It can even follow <sup>around</sup> me!

I have longed for this kind of experience and it was your sponsorship that made it come true. Undoubtedly, the knowledge gives me fundamental understanding on robotics and programming, which will help my study of engineering.

To add on, not only <sup>is</sup> this scholarship a financial support for me, it also affirms me of my hard work and thus, encourages me to strive in the future. It is generous and thoughtful of you trying to sponsor poor students like me.

Once again, thank you so much. It will be my pleasure if I can offer you any help in the future.

### Bank of China (Hong Kong) Donor

Bank of China (Hong Kong) has been committed to its core value of "caring for society", actively taking part in charitable activities to uphold corporate social responsibility. We focus on youth education in Hong Kong with a view of contributing to the nurturing of our future generation. We aim to create a better environment for youth development by supporting scholarship schemes of the Hong Kong Special Administrative Region Government and various higher education institutions, and sponsoring youth sports programmes and competitions as well as exchange programmes for local youths to the Mainland of China and Southeast Asia.

We hope that our student awardees have faith in themselves, in Hong Kong and in our country, work hard towards their goals and serve Hong Kong and our country in the future. Let us stride forward together with our youths to create a better Hong Kong.

## Wu Shiu Ting

Sha Tin Government Secondary School

Scholarship sponsored by  
Bank of China (Hong Kong)

I feel really honoured to be awarded the "Upward Mobility Scholarship", which serves as an affirmation and encouragement of the hard work I have put in over the past few years, and helps me pursue my dreams. Like many of you, I believe that we can go beyond our limitations when we have a clear goal and the determination to achieve it. This scholarship may not guarantee my future success, but it surely does drive me to move upwards towards my goal. I will use the scholarship to buy reference books to help with my preparation of DSE exams. No matter whether I can get into my dream university, I will continue to face my future with a positive attitude and work hard towards success. After I finish secondary school, I intend to use part of my scholarship to pay for trips to impoverished areas to take part in voluntary teaching services, so that the less privileged children there can have the opportunity to learn. I will also share my experience in voluntary teaching with others to spread the spirit of mutual love and care. I would like to thank Bank of China (Hong Kong) for their sponsorship. I promise that I will put the scholarship into good use to well equip myself.

## The Hong Kong Chinese Enterprises Association Donor

The Hong Kong Chinese Enterprises Association and our member enterprises are firmly rooted in Hong Kong and deeply committed to taking on our social responsibility. We actively participate in the economic development of Hong Kong as well as contribute to charitable causes in a wide range of areas including poverty alleviation, environmental protection and carbon emission reduction, cultural heritage, arts and sports and youth development.

We have been supporting the Commission on Poverty's "Future Stars – Upward Mobility Scholarship" since 2014, with a total donation of HK\$2.78 million going towards assisting youths facing adversities with a positive attitude, setting a stage for them to excel, encouraging them to fulfil their youthful dreams and realise their convictions.

### Ang Hao Chi, Brian Bethel High School Scholarship sponsored by The Hong Kong Chinese Enterprises Association

I am a Malaysian Chinese, born and raised in Malaysia. After my mother passed away of illness when I was in Secondary 3, I came to Hong Kong with my father, living in a small squatter hut in Yuen Long. I enrolled into Bethel High School for my Secondary 4 studies. Mr. Wong, our Maths teacher and teacher-in-charge of Junior Police Call, became aware of my situation and took care of me. He invited me to join JPC. I did, and a new chapter of my life begins.

In the various activities at JPC, I developed my organisation skills, a sense of responsibility and care for the society. I also represented my school and the JPC Yuen Long in a number of major competitions. I hope to be able to see more of the world, work hard to get into university, and become a responsible and caring police officer when I graduate from college.

Our family is not well off and my father works very long hours. I study very hard as I know that knowledge can change our destiny. At present, the Chinese subject is my greatest obstacle, but I receive a lot of help from Mr. Wong who helps me with Chinese and Mathematics. To repay my teachers' kindness, I will strive hard to get good results in my DSE, get into college, serve the community as a police officer and become a pillar of society.

**Dr. Tong Yun Kai,  
SBS, DBA, MBE, President  
The Confucian Academy  
Donor**

Confucius is one of the greatest teachers of all times. His teaching of “leave no child behind and cultivate their talents according to their different potential” has far reaching influence even to this day. The Confucian Academy, founded in Hong Kong in 1930, is one of the six major religious groups in Hong Kong. In addition to promoting Confucianism, we are also committed to the nurturing of talents and other charitable efforts.

Young people are our society’s future pillars, and their education is of utmost importance. We consider “Future Stars – Upward Mobility Scholarship” as a very meaningful scholarship scheme as it helps students from less privileged backgrounds who strive hard with a positive attitude. In the past few years, our members have been very supportive towards the scheme with a total donation of 30 or more scholarships each year. We hope our scholarships can give students a boost of confidence, and encourage them to study hard and contribute to our community.

**Lee Hing Hei  
Hong Kong Weaving Mills Association  
Chu Shek Lun Secondary School  
Scholarship sponsored by  
The Confucian Academy**

I was not born with a silver spoon in my mouth. My family receives the Comprehensive Social Security Assistance due to the poor health of my parents. My father is now in his senior years and can no longer work. As the only child in the family, I am their only hope to change for the better. I am working extremely hard for the DSE exams this year. I hope to be able to get into health care related studies in university to pursue my ambition as a medical professional. I hope to serve the community and help those who suffer like my parents. If I were to be awarded the scholarship, I will first buy my parents a nice meal to thank them for raising me, and get some reference books to better equip myself.

**Sino Group  
Donor**

No matter what challenges you are facing, believe in yourself, pave the way to achieve your goal with faith and perseverance.

**Lee Hiu Wai  
Tack Ching Girls’ Secondary School  
Scholarship sponsored by  
the Sino Group**

When I was in Primary 2, my father passed away due to illness. Since then, my mother raised me and my younger sister, bore financial hardships and took care of everything all by herself.

As my mother works long hours, I have learned to cook, do household chores and take care of my baby sister since I was at a young age. No matter how hard the times were, we managed to go through them by sticking together as a family.

I was not sound in my basic learning when I was in junior primary school, and my mother suggested that I repeated Primary 4 for a stronger foundation in my studies. I was at first reluctant, but I remembered what my father used to say to me, “As long as you have your dream, pursue it and don’t give up easily.” In the end, I repeated Primary 4 for a stronger foundation in pursuit of my dream job as a teacher.

I had always wanted to enrol in tutorial classes, but my mother is the sole bread winner in the family which makes them unaffordable. I can only depend on myself in my studies. I believe that by hard work and determination, I will be able to fulfil my dreams.

**Dr. Charles Yeung**  
**GS Charity Foundation**  
**and Glorious Sun Group**  
**Donor**

The Glorious Sun Group cares very much about youth development. As early as the 1990s, we have set up award schemes to commend improvements in youngsters in juvenile homes and to steer them towards the right path. We have also set up award schemes in some schools in the Mainland of China to encourage students to adopt the attitude of "One Heart and Three Willingness" (have a responsible heart and the willingness to bear loss, persevere and learn), and implement "Three Good and Three Kind Deeds" (have a good heart, say good words and do good deeds at home, at school and within the community), which create a positive influence.

We wish that our "Future Stars" can adopt the attitude of "One Heart and Three Willingness", and trust that they will become "Stars of Hong Kong" to promote the development of our society.

**Mr. Simon Wong, JP**

**Mr. Chong Shing-hum,**  
**BBS, Chairman**  
**HKCIEA Charity Foundation**  
**Donor**

As one of the major business associations in Hong Kong, the Hong Kong Chinese Importers' & Exporters' Association spares no effort in contributing to the welfare of our community. We have established the HKCIEA Charity Foundation with the aim of assisting less privileged students, which coincides with the aim of the "Future Stars" programme of the Commission on Poverty. We hope our donation towards "Upward Mobility Scholarship" can encourage students to persevere in the face of adversity.

If one has not gone through a muddy path, he would not have reached the scenic road. Everyone has his ups and downs. Your attitude certainly determines your altitude.

**Dr. Choi Koon-shum, Jonathan,**  
**GBS, BBS, JP, Chairman**  
**The Chinese General Chamber**  
**of Commerce**  
**Donor**

As one of the oldest and most established business associations in Hong Kong, the Chinese General Chamber of Commerce has been committed to promoting business development and encouraging our businesses to care for the community at the same time. We launched the "We Care • We Share Campaign" in 2009 to support the work of the Hong Kong Special Administrative Region Government and social welfare organisations. By doing so, we hope to convey the love of the business community and build a harmonious and inclusive society.

We have been supportive of the "Future Stars" programme since its launch by the Commission on Poverty in 2013, providing less privileged youths with better learning conditions through our donation towards "Upward Mobility Scholarship". We hope that our student awardees can make good use of their opportunities, strive hard to move upwards and prepare themselves for a better future.
